NIGHTS TO REMEMBER

Valedictorian

EVERY ADVENTURE REQUIRES A FIRST STEP

Dear Class of 2020, we did it! Congratulations to each and every one of you. Although some may compare our years at Kitsilano Secondary to a game of Snakes and Ladders, with many ups and downs, I can't help but think of our shared journey as climbing a stairwell. I don't know about you, but it felt like a pretty steep climb to me.

Each year, a series of steps has led us to a new floor filled with new classes and new possibilities. But the climbing only got harder the higher we went, and it felt exhausting at times, requiring us to reach out for any support to drag ourselves to the next step, while wondering why it never seemed to get any easier. This was how each grade felt to me: feverishly studying for tests, wrestling with every in-class essay, and worriedly calculating the effect that a poor grade might have on my average. However, we always had our friends, our confidantes, and our champions to offer words of encouragement, their endless support and, most importantly, some comic relief. We pushed through it all, fueled by the excitement of conquering each small step and getting closer each term to the top of the stairwell- our graduation.

Graduation 2020- something we can all remember looking forward to from the moment we took our first step into the (almost) newly renovated Kitsilano Secondary School in 2015. Oh, how we longed to be the grade 12s- the intimidating, the powerful, the sophisticated, the beautiful, the handsome, the free-spirited grade 12s. This is what we aspired to. What were we thinking?! After having climbed those arduous steps to finally summit on the grade 12 floor, reality bit (hard). The younger grades did not respect us, there was no less homework, and there were still not enough moments to relax. And, the icing on the cake: the shared locker scandal, the Capstone project fiasco, cancelled graduation events, and a worldwide pandemic. I mean SERIOUSLY- this is not a slice of history any of us would have chosen to be a part of! However, we are young and hopeful. C'est la vie. We can be proud of the way our Kitsilano Community banded together in response to the COVID-19 crisis to support those whose lives were directly at risk or indirectly affected, and to make new community support resources easily accessible. We have done an outstanding job at adapting to these changing times.

All of our experiences and challenges thus far were not just about preparing us to show off our fancy prom outfits. They were preparing us for our next stairwell. For me, I realized that while I enjoyed learning about the flow of blood through the heart in Biology, in Physics, I just couldn't muster any enthusiasm for how much tension force is exerted on a piece of string. For others, just attending an art class or studying for a philosophy test (even with the questions given in advance) could be exhausting. These realizations are what high school is all about. Figuring out a little more about

Lauren Brown

who we are, where our passions lie, and what we might want to do next in our life's journey. It has been a dance between youth and wisdom, although youth is still taking the lead. Thanks to the support from our faculty, staff and parents, we are well-positioned to pursue our passions in the coming years, albeit some more readily than others.

Kitsilano's class of 2020 is a diverse group of individuals with unique talents and infinite potential, including YouTubers, cross country stars and even Yu-Gi-Oh! Master Duelists. This begs the questions: Who will we become? What careers will we choose? No matter where our aspirations may lie, what truly counts is to realize that the future is in our hands, that we will shape our world by the way we choose to live our lives. As Antoine

de Saint-Exupery wrote, 'It is only with the heart that one can see rightly; what is essential is invisible to the eye.' So, whichever stairwell you choose, ascend it with integrity, kindness, compassion, empathy and love.

We have all climbed the same set of stairs together, discovering more about ourselves and one another at each level achieved. I have discovered among you, my peers, that some laugh, others cry; some are studious, others carefree; some are sporty, others not so much; some shine on stage, others light up the audience; some lead, others follow; some waltz, others twerk! We entered this building in 2015 knowing little about what to expect, but we have done a pretty good job making our way up the stairwell to graduation. On our way we have overcome obstacles, some of us tragedy and heartbreak, addictions and self-destructive desires, growing stronger and surer with each step.

I hope that each and every one of you feels that you attained something worthy of your efforts during these past 5 years. I hope, too, that you continue to have the courage to make your own choices, to make mistakes, to fall down and get back up again, to live in the moment and not in fear of the future. Who can know what truly awaits us at the top of our stairwell, but always remember that every adventure requires a first step.

Congratulations to all you brilliant graduates in the class of 2020. It has been a true honour to have grown through my teens with you at Kits.

Fiat Lux- let there be light!

A Special 'Hello'

SHOUT OUT FROM RYAN REYNOLDS

On May 1st, Kits Grad and all around nice guy Ryan Reynolds reached out to the Class of 2020, with a special 5 Minute Video, telling them to hang in there.

He said that he just wanted to phone in a hello, just as he phoned in his Grad year at Kits. His main message was to practice compassion each day. Instead of 'divide and conquer' he suggested Grads practice empathy.

To top it all off, Ryan also bought every 2020 Kits Grad and staff member a large pizza, because misses Nats! The video ended with the Grad group photo you can see on page 216, courtesy of the yearbook team, and a short clip of "Hail Kitsilano".

Crossing "the Stage"

NOT QUITE WHAT WE EXPECTED

While Covid-19 changed many plans this spring, it was not going to keep the Class of 2020 from Graduating. As large groups could not congregate and celebrate, an alternate plan was put in place. Instead of a ceremony at the Orpheum or QE Theatre, a committee of students and staff created an alternate event, where students were able to dress in Cap and Gown and receive their Graduation Diploma in style.

Timed, so not to exceed suggested limits, students arrived in smaller alphabetical groups, marched through our 'Hallway of Learning' while physically distanced, and then received their Diploma in the theatre.

On the way out, they could take a 'Prom' photo in the fancy outfits that were hidden under the Cap and Gown. As it was not possible to invite Family and Friends to the event, it was videotaped and made available for public viewing on June 19th, along with this virtual copy of the yearbook.

All the Best to the Class of 2020 and may you remember this unusual Event with appreciation for those who made sure you would not miss out on this rite of passage!
